SAFETY SENSOR

**DISCOVER THE  
FIRST LASER  
DESIGNED FOR  
SWING DOORS**

# LZR<sup>®</sup>-FLATSCAN

## SLIM & CLEVER

### COMPLETE COVER OF THE DOOR LEAF

70 measurement points to cover the whole door, regardless of its size.

### HINGE AREA

100 additional measurement points for the detection of small objects.

### FINGER PROTECTION

### 4SAFE COMPATIBLE

The LZR<sup>®</sup>-FLATSCAN is able to communicate with previously installed 4SAFE modules.

### FAST INSTALLATION

Profiles do not have to be cut anymore! The LZR-FLATSCAN automatically adapts to all door widths.

### SAFE EDGES

When the door is closing, the product extends its coverage beyond the door edges for increased comfort.

### SMALL UNCOVERED ZONE

The high definition of the laser technology enables a reduction of the uncovered zone to only 50 mm.

### INTUITIVE TEACH-IN

Indicate the width of the door by simply moving your hand.
